SECTION C

DESCRIPTION/SPECIFICATIONS/STATEMENT OF WORK

C.1 Scope of Work

The Contractor shall provide all facilities, labor, material and equipment necessary to provide medically monitored substance abuse **residential treatment** services to chemically-dependent offenders under the authority of the Court Services and Offender Supervision Agency (CSOSA), in accordance with the requirements specified herein, on a firm, fixed price basis. The funding for this contract is provided via a grant in support of the High Intensity Drug Trafficking Area (HIDTA) program within the framework of the Anti-Drug Abuse Act of 1988.

C.2 Agency Background

The Court Services and Offender Supervision Agency (CSOSA) was established under Section 11232 of the National Capital Revitalization and Self-Government Improvement Act of 1997 to effectuate the reorganization and transition of functions relating to pretrial services, parole, adult probation and offender supervision in the District of Columbia to a Federal Executive Branch agency. The mission of CSOSA is to increase public safety, prevent crime, reduce recidivism, and support the fair administration of justice in close collaboration with the community.

The CSOSA (hereinafter referred to as the Government) has been mandated to provide comprehensive treatment services to persons who have been ordered to undergo such treatment by the courts, either as part of a sentence or pre-sentence, or as a condition of probation or parole. These persons (hereinafter referred to as offenders) may be dually-diagnosed with both mental health and chemical dependency issues. CSOSA is responsible for the supervision of all probationers and parolees held under the authority of any United States or District of Columbia statute, or any other lawful authority and entrusted to the District.

C.3 HIDTA Program

The High Intensity Drug Trafficking Area (HIDTA) program provides substance abuse treatment services for chronic substance abusers that are incarcerated or under community supervision pre-trial (probation or parole). The mission of HIDTA is to coordinate criminal justice and treatment efforts to reduce criminal defendant recidivism and substance abuse, and to increase the social productivity of offenders.

An effective treatment approach, with a spectrum of residential and outpatient treatment options, is needed to rehabilitate the offenders. The program is designed to provide a continuum of care, which will empower the offender to live as a productive citizen while maintaining the safety of the community and reducing the demand for illegal drugs.

Levels of care may be adjusted from more restrictive, structured settings to less restrictive circumstances as the offender progresses through the case management supervision functions currently in place in several District of Columbia criminal justice agencies.

The current participants in the program are: (1) CSOSA; (2) D.C. Department of Corrections; (3) U.S. Probation Agency and (4) Pretrial Services Agency.

The HIDTA initiative includes comprehensive assessment services, detoxification treatment, residential treatment, outpatient treatment, and transitional housing. The assessment is presently provided by CSOSA at its Assessment and Orientation Center housed at Karrick Hall on the grounds of D.C. General Hospital.

The Washington, D.C. HIDTA project has established cooperative relationships with the surrounding Virginia and Maryland localities to provide a continuum of care to the hard-core substance abusing offender/defendant population. Offender/defendant clients who reside in these localities often travel outside jurisdictional boundaries to commit drug related crimes or to make drug purchases. The Washington/Baltimore HIDTA has developed the Cross Border Initiative which joins together local Probation and Parole officers and Law Enforcement agencies in the area to increase the accountability of individuals on pre-trial or post-trial release in the community, thereby enhancing public safety.

C.3 Description of Services

A. Background

The Contractor shall provide supervised 90-day residential treatment services to adult offenders/defendants with substance abuse treatment needs. The Contractor shall provide a highly structured, drug-free treatment environment that encompasses a minimum of eight hours of structured programming per day.

These services include daily living support in addition to individual counseling, group counseling, education and vocational advocacy, life skills training, substance abuse education, relapse prevention, discharge/aftercare planning and other essential services as required. Residential inpatient treatment is intended to increase the functioning level of offenders and prepare them to enter the next phase of the treatment continuum.

The Contractor shall develop therapeutic interventions specific to the criminal justice involved offender, such as approaches to increase the number of successful program completions, coordination with court hearings, addressing criminal involvement and cooperation with criminal justice requirements. This requires establishment of a close working relationship with the Community Supervision Officers (CSOs) and Treatment Specialists responsible for supervising each offender. The Contractor shall be able to coordinate, cooperate and work with CSOs and Treatment Specialists utilizing a team approach for case planning,

treatment intervention and case monitoring. Treatment providers must hold monthly case staffings with CSOs and Treatment Specialists, as well as other meetings and interventions as deemed necessary by the Government.

Treatment shall be provided in accordance with the American Society of Addiction Medicine (ASAM) Placement Criteria except where specifically modified by the Government.

B. Duration

The course of treatment for each offender/defendant is 90 days and shall be determined in advance by the Government.

C. Estimated Quantity

The estimated number of beds for offenders/defendants required on a continual basis throughout the performance period is **40**.

D. Required Service Policies

The Contractor shall develop and implement written service policies and procedures for residential treatment services, available for review by the Government, including:

1. Admission criteria (including any exclusionary factors such as medical or mental health conditions);
2. Modules that address criminal thinking behavior and associations;
3. Relapse prevention for chronic users;
4. The objectives of the program;
5. The criteria used to measure offenders' progress towards attainment of objectives;
6. A description of the diagnostic and treatment modalities utilized by the program;
7. A description of all therapeutic activities provided, including individual, group, and family counseling sessions;
8. Safety precautions and procedures;
9. Crisis intervention procedures;
10. Medical emergency procedures;
11. Patient's rights and rules of conduct;
12. Personnel policies;
13. Methods for addressing offender non-compliance;
14. Methods for investigating and handling patient grievances; and
15. Methods for investigating unusual incidents.

E. Required Equipment

The Contractor shall provide a personal computer to act as host for a Government-furnished treatment tracking system and access to an analog data transmission line. At a minimum the computer shall have a Pentium processor, 16 M RAM, 800 x 600 video resolution, a Windows '95 or equivalent (or higher) operating system, a 28.8 modem (WIN as dial-up networking shall be used as the communications software) and 50M of hard disk space. Other applications may reside on the PC designated for this function. The contractor shall also ensure that all personnel responsible for maintaining treatment data for clients are trained to use HATS.

C.4 Mandatory Service Requirements

A. Referrals and Admissions

The Government shall provide a referral package via HATS. The referral package shall contain a referral authorization; admission date; offender/defendant identification information, supervision contact information; and information relevant to offender transportation requirements (when applicable).

The Government shall provide to the Contractor a referral/billing authorization for each offender referred. The billing authorization (*See Section J, Attachment No. I*) shall contain the offender's name; admission date; projected discharge date; the treatment duration and the dollar amount authorized for the treatment episode. The HATS authorization is the **ONLY** document that makes the Government financially responsible for services rendered. **VERBAL AUTHORIZATIONS WILL NOT BE RECOGNIZED.** The Government is not responsible for services rendered in the absence of a billing authorization or for services rendered beyond the stated authorization period or dollar amount. It is the sole responsibility of the Contractor to maintain a funding tracking system of current and total expenditures utilized for each offender/defendant.

The Contractor shall have the capacity to transport offenders/defendants referred to the program from the designated pick-up locations identified in the referral package. The Contractor is required to pick-up all offenders within two hours of the time stated on the referral/billing authorization. In the event of an emergency that results in the Contractors inability to adhere to this requirement, the Contractor **MUST** contact the referring Analyst within that two hour timeframe to make alternative arrangements.

B. Admission Notification

Within 24 hours (or on the next business day) of each scheduled admission the Contractor shall notify the Government of all admissions and no-shows. This notification must be provided in HATS to the referring Analyst and the CSO. This information may be transmitted via HATS. Failure to adhere with this requirement absolves the Government of financial responsibility for the offender.

C. Intake

Within 24 hours of admission (or on the next business day) the Contractor shall conduct an intake interview with each offender/defendant. During the intake interview the Contractor shall identify the offender's primary counselor and review the offender's rights and responsibilities. This intake interview shall result in the creation of an individual offender/defendant treatment file that shall initially contain the following:

- Offender personal information sheet;
- All referral information provided by the Government; and
- A signed and dated copy of the offender's rights and responsibilities form (bearing the signatures of both the offender and the Contractor's staff).

The offender/defendant treatment file must be maintained in accordance with Federal Confidentiality Regulations, 42 CFR, Part II. All offender treatment files shall be kept in a secure location with access limited to those persons who provide direct service to the offender. All treatment files must be maintained in accordance with the Privacy Act, 5 U.S.C. §552a(b) and other applicable laws. In addition to the privacy act, consideration must also be given to the District of Columbia Mental Health Information Act, D.C. Code 7 §1201.01 *et seq.* (2001) and the D.C. Preventative Health Services Amendment Act confidentiality law D.C. Code 7 § 302 (2001).

D. Treatment Needs Assessment

Within seven business days of admission the Contractor shall conduct a treatment needs assessment for each offender/defendant. The needs assessment shall utilize the Addiction Severity Index (ASI) and shall be conducted by a qualified staff person. The Contractor is not required to complete a new ASI if the Government provides an ASI that was conducted within six months of the admission date. In addition to the ASI, the needs assessment must include, at a minimum:

- A detailed description of the offender's/defendant's substance abuse history and any prior treatment experiences;
- A complete personal history including information related to the offender's education and vocational achievements and experiences; and
- Any other information which may be helpful in determining offender treatment needs.

Results of this assessment must be documented and maintained in the offender treatment file.

E. Treatment Plan

Within fourteen business days of admission, the Contractor shall develop an individualized treatment plan for each offender based on the results of the treatment needs assessment and referral information provided by the Government. The treatment plan must contain offender-specific goals and objectives as well as timeframes and strategies for completion of goals and objectives.

A signed and dated copy (with signatures of both the offender and Contractor staff) of the treatment plan must be maintained in the offender treatment file.

At a minimum, treatment plans must be reviewed and re-assessed monthly. Treatment plans must also be updated and modified when major clinical changes occur or when major life, family, or social circumstances may complicate treatment. Evidence of monthly treatment plan reviews must be documented and maintained in the offender treatment file. This evidence shall be in the form of a signed and dated entry into the progress notes indicating a treatment plan review or in the form of a signed and dated revised treatment plan.

F. Progress Notes

The Contractor shall maintain daily progress notes for each offender. The notes shall be maintained in the Subjective, Objective, Assessment, and Plan/Prognosis (SOAP) format, and must contain an entry for each of those areas.

All progress notes must be chronologically maintained in HATS with the most recent note on top.

G. Contact Sheets

This includes all telephone conversations, staffings, site visits, etc.

H. Monthly Progress Reports to the Community Supervision Officer

No later than the fifth business day of each month the Contractor shall submit a written monthly report to each offender's CSO. This information may be transmitted via facsimile or U.S. mail. The report should discuss the offender's adjustment and response to treatment, progress towards goals and objectives in the treatment plan and any problems encountered during the month.

I. Urinalysis

The Contractor shall conduct a random urinalysis test on all offenders/defendants a minimum of once per seven-day week and also within 24 hours of an offender's return from any activities outside of the facility.

The Contractor shall notify the CSO in writing within 24 hours (or on the next business day) of any offender who receives a positive urinalysis result while in treatment. This information may be transmitted via facsimile. The Contractor and CSO will collaborate on the response to the positive result.

The Contractor shall observe the following screening levels for all CSOSA offenders:

Amphetamines/Methamphetamine	1000 ng/ml
Cocaine Metabolite	150 ng/ml

Alcohol	20 mg/dl
Creatinine	20 mg/dl

Results of all urinalysis tests must be maintained in the offender/defendant treatment file.

J. Compliance Problems

Within 24 hours of each occurrence, the Contractor shall notify the CSO and assigned Treatment Specialist of any non-compliant behavior demonstrated by the offender/defendant. In the event that the CSO is unable to be reached, the Contractor must contact the Supervisory CSO (SCSO). The notification shall be in writing and must include: the offender's/defendant's name; date; time; a description of the behavior observed; the name of the CSOSA staff person to whom the incident was reported; the action taken by the Contractor in response; and the name and telephone number of a person that can be contacted should the Government require additional information. In the event of criminal activity, the Contractor must contact the appropriate legal authority (i.e., police department). For all instances other than criminal behavior, the Contractor shall discharge the offender with instructions to report to his/her CSO immediately. The Contractor must contact the CSO via telephone within one hour of any discharge under these circumstances. In the event that the CSO is unable to be reached, the Contractor must contact the SCSO. If such an incident occurs during non-business hours, the Contractor must contact the emergency point of contact identified in the referral package to provide notification of the discharge within one hour of the discharge. A written discharge summary must be prepared and forwarded to the CSO within eight hours. The discharge summary must contain: the offender's name; the admission date; the discharge date; the length of stay in the program; and a description of the circumstances under which the offender was discharged; the name of the CSOSA staff person to whom the incident was reported; and the name and telephone number of a person that can be contacted should the Government require additional information. The Contractor is required to provide this information to the subsequent provider at the time of transfer or within 24 hours of a request from the Government.

The Contractor is required to maintain closed files for all offenders discharged from the program for a minimum of two years following the date of discharge. Files older than one year may be stored off-site, but must be available for inspection by the Government upon request.

Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—
- 1) The solicitation number;
 - 2) The time specified in the solicitation for receipt of offers;
 - 3) The name, address, and telephone number of the offeror;

 - 10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
 - 11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the

Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

- (e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.
- (f) *Late submissions, modifications, revisions, and withdrawals of offers.*
 - (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.
 - (2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and— (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or C) If this solicitation is a request for proposals, it was the only proposal received. (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
 - (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
 - (4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
 - (5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be

withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified.
